

## **TUGboat**

During 1993, the communications of the T<sub>E</sub>X Users Group will be published in four issues. One issue (Vol. 14, No. 3) will contain the Proceedings of the 1993 TUG Annual Meeting.

*TUGboat* is distributed as a benefit of membership to all members.

Submissions to *TUGboat* are reviewed by volunteers and checked by the Editor before publication. However, the authors are still assumed to be the experts. Questions regarding content or accuracy should therefore be directed to the authors, with an information copy to the Editor.

### **Submitting Items for Publication**

The next regular issue will be Vol. 14, No. 1; deadlines for that issue will have passed by the time this issue is mailed. Deadlines for Vol. 14, No. 2 are February 16, 1993, for technical items, and March 16, 1993, for reports and similar items. Mailing dates for these two issues are scheduled for March and May. Deadlines for future issues are listed in the Calendar, page 77.

Manuscripts should be submitted to a member of the *TUGboat* Editorial Board. Articles of general interest, those not covered by any of the editorial departments listed, and all items submitted on magnetic media or as camera-ready copy should be addressed to the Editor, Barbara Beeton (see address on p. 3).

Contributions in electronic form are encouraged, via electronic mail, on magnetic tape or diskette, or transferred directly to the American Mathematical Society's computer; contributions in the form of camera copy are also accepted. The *TUGboat* "style files", for use with either plain T<sub>E</sub>X or L<sup>A</sup>T<sub>E</sub>X, are available "on all good archives". For authors who have no access to a network, they will be sent on request; please specify which is preferred. For instructions, write or call the TUG office.

An address has been set up on the AMS computer for receipt of contributions sent via electronic mail: TUGboat@Math.AMS.com on the Internet.

### **Reviewers**

Additional reviewers are needed, to assist in checking new articles for completeness, accuracy, and presentation. Volunteers are invited to submit their names and interests for consideration; write to TUGboat@Math.AMS.com or to the Editor, Barbara Beeton (see address on p. 3).

### **Other TUG Publications**

TUG publishes the series *T<sub>E</sub>Xniques*, in which have appeared reference materials and user manuals for macro packages and T<sub>E</sub>X-related software, as well as the Proceedings of the 1987 and 1988 Annual Meetings. Other publications on T<sub>E</sub>Xnical subjects also appear from time to time.

TUG is interested in considering additional manuscripts for publication. These might include manuals, instructional materials, documentation, or works on any other topic that might be useful to the T<sub>E</sub>X community in general. Provision can be made for including macro packages or software in computer-readable form. If you have any such items or know of any that you would like considered for publication, send the information to the attention of the Publications Committee in care of the TUG office.
